

WANTED:

Homes for Hosting Parent Parties *Parents need play dates too!*

Sheridan is such a fun community. Everyone has a great time when the grown-ups have a chance to get together. This year our room parents would like to host parent parties for each grade level. Holding these parties in the evenings allows all of our working parents to partake and participate too.

If you have a home that could accommodate such an event, and are gracious enough to open it up for one of these gatherings, please contact your room parent or sign up at curriculum night. All you would need to provide is the use of your home. Your grade level room parents will coordinate all of the party details.
